

7 MIDTERM PAST PAPERS
Fall - 2010
1st PAPER OF (IT430- E-Commerce)
MOHAMMAD BILAL AZEEM

www.vchowk.com

Question No: 1 (Marks: 1) - Please choose one

In datalink layer, data packets are placed inside

***Data frames**

- * Data boxes
- * Data streams
- * None of these

Question No: 2 (Marks: 1) - Please choose one

Which of these is the correct HTML code for creating a reset button?

* <input type = "button" name = "reset" value = "reset">

* <input type = "resetButton" value = "Clear">

*** <input type = "reset" value = "reset">**

* <input type = "button" name = "reset" value = "clear">

Question No: 3 (Marks: 1) - Please choose one

.....tag is used intotag because a row contains multi cells and to fill up these cells with data.

*** TD..... TR**

* TR..... TD

* TD..... TG

* TG..... TR

Question No: 4 (Marks: 1) - Please choose one

Individuals who write programs or manipulate technologies to gain unauthorized access to computers and networks are ----- .

* administrators

* experts

*** hackers**

* coders

0334-7164257

www.vchowk.com

Question No: 5 (Marks: 1) - Please choose one

Which tag is used for the hidden fields?

* <FIELD>

* <TEXT>

*** <INPUT>**

* <HIDDEN>

Question No: 6 (Marks: 1) - Please choose one

What is a correct way of referring to a stylesheet called "mystyle.xml" ?

- * **<?xml-stylesheet type="text/xml" href="mystyle.xml" ?>**
- * <link type="text/xml" href="mystyle.xml" />
- * <stylesheet type="text/xml" href="mystyle.xml" />
- * <?stylesheet type="text/xml" href="mystyle.xml" ?>

Question No: 7 (Marks: 1) - Please choose one

Which of them is NOT a predefined object?

- * **Document**
- * Date
- * Loop
- * Array

Question No: 8 (Marks: 1) - Please choose one

Which of these is not a comparison operator?

- * <
- * >
- * =
- * **!=**

Mohammad Bilal Azeem

0334-7164257

www.vchowk.com

Question No: 9 (Marks: 1) - Please choose one

Var d = new date()

Which of the following is correct about the d variable?

- * instance of new
- * **instance of Date() method**
- * instance of Date object
- * Simple Variable

Question No: 10 (Marks: 1) - Please choose one

When you declare a variable within a function, the variable can only be accessed within that function. When you exit the function, the variable is destroyed. These variables are called

- * Local Variables
- * Global Variables
- * Local and Global
- * **None of the above**

Question No: 11 (Marks: 1) - Please choose one

Which of the following , is condition part of given For loop
for (i = 0; i <= 5; i++).

- * i=0.
- * i++.
- * i<=5.
- * **(i = 0; i <= 5; i++).**

Question No: 12 (Marks: 1) - Please choose one

What is the correct JavaScript syntax to write "Virtual University of Paistan"?

- * **document.write("Virtual University of Paistan ")**
- * ("Virtual University of Paistan ")
- * " Virtual University of Paistan "
- * response.write("Virtual University of Paistan ")

Question No: 13 (Marks: 1) - Please choose one

Which of the following is NOT valid HTML code line?

- * <frameset rows="16%,84%">
- * <frameset columns="16%,84%">
- * <frameset cols="100,150">
- * **<frameset cols="50%,50%" rows="16%,84%">**

Question No: 14 (Marks: 1) - Please choose one

CSS is a breakthrough in Web design because it allows developers to control the-----

- * Processing speed on client side
- * Data grid view on client side
- * **Style and layout of home page.**
- * Style and layout of multiple Web pages

Question No: 15 (Marks: 1) - Please choose one

Which HTML tag is used to define an internal style sheet?

- * <css>
- * <script>
- * **<style>**
- * <sheet>

Question No: 16 (Marks: 1) - Please choose one

What is the correct HTML tag for adding a background color?

- * <background>yellow</background>
- * **<body bgcolor="yellow">**
- * <body color="yellow">
- * None

- * Browser default
- * External style sheet
- * Inline style
- * Internal style sheet

Question No: 5 (Marks: 1) - Please choose one

Which of the following is NOT valid HTML code line?

- * <frameset rows="16%,84%">
- * <frameset columns="16%,84%">
- * <frameset cols="100,150">
- * <frameset cols="50%,50%" rows="16%,84%">

Question No: 6 (Marks: 1) - Please choose one

What shall come in blanks for proper result,

Here blanks are numbered with 1,2 and 3

```
<html>
<head>
<SCRIPT language="JavaScript">
```

```
Var num1,    var num2
```

```
Document.container .result.value=parseFloat(num1)-parseFloat(num2)
```

```
</script>
</head>
<body>
<FORM name="-----1-----">
<input type="-----2-----" name="-----3-----" maxlength="5">
</form>
</body>
</html>
```

- * container, text and result
- * result, value and container
- * container , button and value
- * result, container and text

Question No: 7 (Marks: 1) - Please choose one

Let us assume in Javascript, Variables num1 and num2 are assigned values 10 and 30 respectively

The following text was displayed on browser page:

OUTPUT:

The result of addition is (40)

Which one of following code will display the output?

- * document.write("The result of addition is ("+(parseFloat(num1)+parseFloat(num2))+")");
- * document.write("The result of addition is ("+(parseFloat(num1)+parseFloat(num2))+")");
- * document.write("The result of addition is ("+(parseFloat(num1)+parseFloat(num2)));
- * document.alert ("The result of addition is (" (parseFloat(num1)+parseFloat(num2)) ")");

Question No: 8 (Marks: 1) - Please choose one

Constructor is defined as the initializing function used to create.....

- * Instance of object
- * Copy of object
- * Instance / copy of object
- * Shallow copy of object

Question No: 9 (Marks: 1) - Please choose one

Which language does not compile its code but interpret it?

- * ASP. Net
- * ASP
- * C++
- * None of these

Question No: 10 (Marks: 1) - Please choose one

JavaScript is mainly a _____ language.

- * Server Side Scripting
- * Cross Side Scripting
- * Client Side Scripting
- * both Cross and Server Side Scripting

Question No: 11 (Marks: 1) - Please choose one

Which loop type always runs the enclosed code at least once <http://vustudents.ning.com>

- * for
- * while
- * do while
- * all of them

Question No: 12 (Marks: 1) - Please choose one

Which one from the following uses IP addresses on network layer?

- * Switches
- * Routers
- * Bridges
- * All of the given

Mohammad Bilal Azeem

0334-7164257

www.vchowk.com

Question No: 13 (Marks: 1) - Please choose one

Which object has the property of 'cookie'? <http://vustudents.ning.com>

- * window
- * location
- * document
- * string

Question No: 14 (Marks: 1) - Please choose one

Which firewall uses strong user authentication to verify identity of a host attempting to connect to the network?

- * Packet filter firewall
- * Circuit level firewall
- * Application gateway firewall
- * Hybrid firewall

Question No: 15 (Marks: 1) - Please choose one

Pretty Good Privacy (PGP) is the name of a popular _____ system which is available for general public use. <http://vustudents.ning.com>

- * Filtering
- * Cryptographic
- * Server
- * Security

Question No: 16 (Marks: 1) - Please choose one

An electronic signature can ensure ----- .

- * authenticity
- * integrity
- * non-repudiation
- * all of them

Question No: 17 (Marks: 1) - Please choose one

Which one is the correct CSS syntax?

- * h1 {font-size:72pt}
- * h1:font-size=72pt
- * {h1:font-size=72pt}
- * {h1;font-size:72pt}

Question No: 18 (Marks: 1) - Please choose one

In Style Sheets, How do you change the font of an element?

- * font-face:
- * font:
- * font-family:
- * font-style:

Question No: 19 (Marks: 1) - Please choose one

How many characters MAC address consists on? <http://vustudents.ning.com>

- * 11
- * **12**
- * 13
- * 14

Question No: 20 (Marks: 1) - Please choose one

Choose which one is the not the columns of Log files.

- * IP addresses
- * **Request (url)**
- * Date
- * Contents

- * **True**
- * False

Question No: 3 (Marks: 1) - Please choose one

In which protocol, the messages are not deleted from email server.

- * SMTP
- * POP3
- * **IMAP**
- * ICMP

Question No: 4 (Marks: 1) - Please choose one

How can you open a link in a new browser window?

- *
- * ****
- *
- * None of these

Mohammad Bilal Azeem

0334-7164257

www.vchowk.com

Question No: 5 (Marks: 1) - Please choose one

What does the Target= “_top” tag perform?

- * Loads the new page into the same frame
- * **Loads the new page into the entire window**
- * Loads the new page into a new browser window
- * All of the above

Question No: 6 (Marks: 1) - Please choose one

Which attribute is used in a tag to control the layout of element?

- * view
- * **css**
- * Style
- * Layout

Question No: 7 (Marks: 1) - Please choose one

Choose the correct HTML code line which left-align the content inside a tablecell.

- * <td leftalign>
- * <td valign="left">
- * <td align="left">
- * <tdleft>

Question No: 8 (Marks: 1) - Please choose one

Where in an HTML document is the correct place to refer to an external style sheet?

- * In the <body> section
- * At the end of the document
- * In the <head> section
- * At the top of the document

Question No: 9 (Marks: 1) - Please choose one

When you declare a variable within a function, the variable can only be accessed within that function. When you exit the function, the variable is destroyed. These variables are called

- * Local Variables
- * Global Variables
- * Local and Global
- * None of the above

Question No: 10 (Marks: 1) - Please choose one

Constructor is defined as the initializing function used to create.....

- * Instance of object
- * Copy of object
- * Instance / copy of object
- * Shallow copy of object

Question No: 11 (Marks: 1) - Please choose one

What does XML stand for?

- * eXtra Modern Link
- * X-Markup Language
- * eXtensible Markup Language
- * Example Markup Language

Question No: 12 (Marks: 1) - Please choose one

For which of following purpose the Firewall is used ?

- * Efficient working
- * Protection against security attacks
- * Networking purpose
- * None of these

Question No: 13 (Marks: 1) - Please choose one

PPP stands for

* Point to Point Protocol

* Post to Post Protocol

* Point to Post Protocol

* None of these

Question No: 14 (Marks: 1) - Please choose one

Which of the following is NOT processed on the client side?

* Cookies

* JavaScript

* CGI scripts

* Applets

* Cookies

Question No: 15 (Marks: 1) - Please choose one

Firewall is used to

I - examine the data entering the network

II - examine the data leaving the network

III - filter the data according to certain rules

* I, II and III

* I only

* I and III only

* I and II only

Question No: 16 (Marks: 1) - Please choose one

Which firewall uses strong user authentication to verify identity of a host attempting to connect to the network?

* Packet filter firewall

* Circuit level firewall

* Application gateway firewall

* Hybrid firewall

Question No: 17 (Marks: 1) - Please choose one

Bus networks is same as the system bus of a computer.

* True

* False

Question No: 18 (Marks: 1) - Please choose one

In Style Sheets, How do you add a background color for all "<h1>" elements?

* all.h1 {background-color:#FFFFFF}

* h1.all {background-color:#FFFFFF}

* h1 {background-color:#FFFFFF}

* h1 {bgcolor:#FFFFFF}

Question No: 19 (Marks: 1) - Please choose one

How do you make each word in a text start with a capital letter?

- * text-transform:capitalize
- * **text-transform:first_capitalize.**
- * Cann't be possible with CSS
- * text-transform:uppercase

Question No: 20 (Marks: 1) - Please choose one

MAC address is written in

How do you write a conditional statement for executing some statements only if "i" is equal to 5?

- * if i=5
- * if i=5 then
- * if i==5 then
- * if (i==5)

Question No: 9 (Marks: 1) - Please choose one

Which of the following is used to get remote access of any computer on a network?

- * Trojan Horse
- * Backdoor
- * Virus
- * All of these

Question No: 10 (Marks: 1) - Please choose one

PPP stands for

- * Point to Point Protocol
- * Post to Post Protocol
- * Point to Post Protocol
- * None of these

Question No: 11 (Marks: 1) - Please choose one

JavaScript is mainly a _____ language.

- * Server Side Scripting
- * Cross Side Scripting
- * Client Side Scripting
- * both Cross and Server Side Scripting

Question No: 12 (Marks: 1) - Please choose one

Inside which HTML element do we put the JavaScript?

- * <scripting>
- * <javascript>
- * <script>
- * <js>

Question No: 13 (Marks: 1) - Please choose one

a++; is the same as which of the following?

- * a=a x1;
- * a=a+2;
- * a=1+2;
- * a=a+1;

Question No: 14 (Marks: 1) - Please choose one

If a web server is bombarded with thousands of HTTP requests, that would be an example of -----.

- * sniffing
- * password attack
- * man in the middle attack
- * denial of service attack

Question No: 15 (Marks: 1) - Please choose one

Outside attacks on a network include the following, EXCEPT ----- .

- * Password attack
- * DoS
- * Back doors
- * IP spoofing

Question No: 16 (Marks: 1) - Please choose one

Digital signature uses ----- .

- * Symmetric cryptography
- * Private key cryptography
- * Public key cryptography
- * Hash function

Question No: 17 (Marks: 1) - Please choose one

In star topology, If hub fails, the entire network also fails.

- * True
- * False

Question No: 18 (Marks: 1) - Please choose one

Which one is the correct CSS syntax?

- * h1 {font-size:72pt}
- * h1:font-size=72pt
